

Oil-free SCROLL compressors

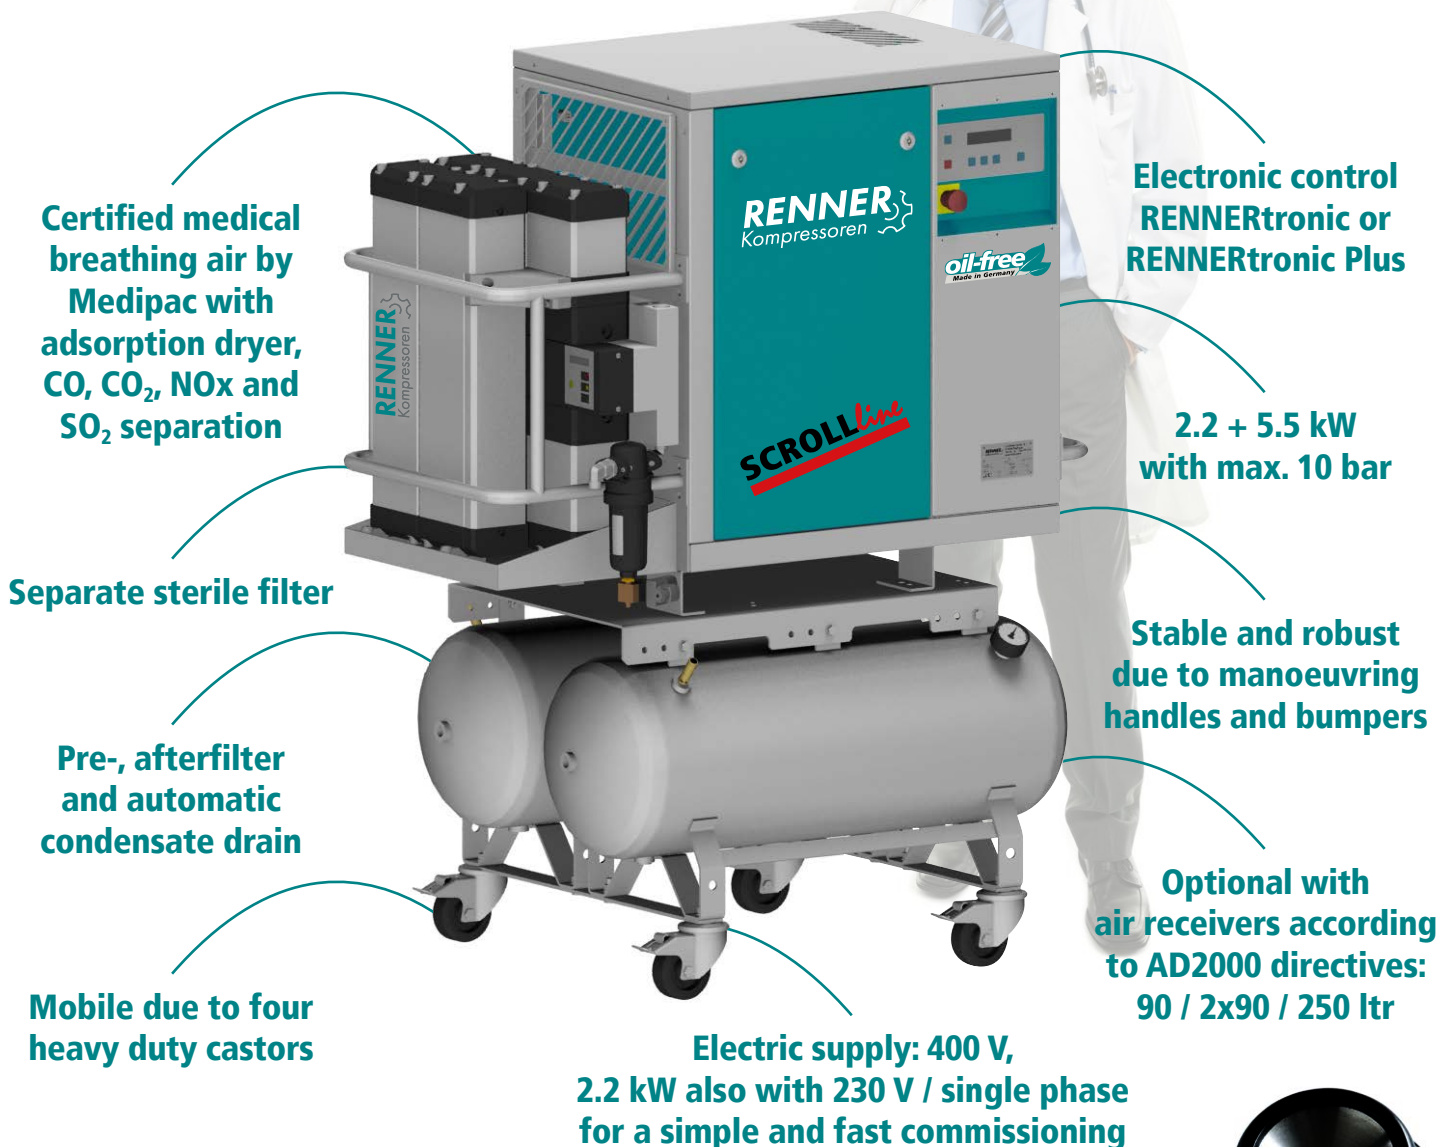

## Mobile breathing air

The SLT-I MEDI was developed especially for the medical application. The mobile SCROLL compressor with electronic control RENNERtronic and integrated Medipac delivers clean, dry and oil-free compressed air in breathing air quality.

**RENNER has the right compressor for you.**

Certified medical breathing air by Medipac with adsorption dryer, CO, CO<sub>2</sub>, NO<sub>x</sub> and SO<sub>2</sub> separation

Electronic control RENNERtronic or RENNERtronic Plus

2.2 + 5.5 kW with max. 10 bar

Separate sterile filter

Stable and robust due to manoeuvring handles and bumpers

Pre-, afterfilter and automatic condensate drain

Optional with air receivers according to AD2000 directives: 90 / 2x90 / 250 ltr

Mobile due to four heavy duty castors

Electric supply: 400 V, 2.2 kW also with 230 V / single phase for a simple and fast commissioning
