**PLEASE READ THESE INSTRUCTIONS BEFORE INSTALLATION.**

**WARNING: Risk of electric shock! Isolate the mains power before proceeding.**

- Turn off the mains power before performing inspections, installation, or removal
- Verify that the supply voltage is correct by comparing it with the luminaire label information
- It is the installers responsibility to ensure installation is suitable for the total load of the luminaire(s). The supply cable, fuses/circuit breakers must be correctly rated for the electrical load and considering for any transient inrush currents that may occur
- Do not perform insulation strength or resistance tests on installed luminaire(s) connected

1. Isolate the circuit.
2. Drill 70mm hole cut out.
3. Strip cable sleeves to reveal 15mm wire. Push wires into connector and push clamps downwards to secure the wires.
4. Attach connector to other half on light fitting.
5. Twist bezel to select CCT option by moving switch across to desired setting.
6. Grip spring clamps and move vertically. Insert downlight into pre-drilled hole and clamps will spring back and secure light fitting. Repeat for any other downlights, then connect power on.

## DISPOSAL

The light source of this unit is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.

Disassemble instructions for end of life disposal available on website.

Disposal of Electronic Equipment WEEE Directive 2002/96/EC This product falls within the scope of the Waste Electrical & Electronic Equipment Directive (WEEE), which means the product should not be disposed of as normal household waste. Please recycle where facilities exist or check with your Local Authority. RoHS - All components and materials used in this product are RoHS 2002/95/EC compliant.

Specifications may change from time to time. The information contained in this leaflet is for guidance only and should not be considered as always accurate and should be treated as not representative.

## WARRANTY

**This luminaire is warranted for a period of 5 years from the date of purchase\*\*.** The warranty could be invalidated should the light fitting not be installed according to these instructions, outside the scope of the specification or the product has been altered or tampered with in any way. Please see website for terms and conditions.

## Dimming

To achieve good dimming results, use dimmers that have been approved for electronic LED drivers. i.e:

- Varilight V-Pro-JDLP401S
- Zano ZGRIDLED150
- Hamilton VWP1XI\_EDITB100
- Schneider GGBL6012LMS

If in doubt - contact the dimmer manufacturer for advice.

This product contains a light source of energy efficiency Class F.
